Leg and seat heights:

Because of the two different leg heights available, the model is available in different seat and back heights. Leg design must be specified.

Leg colours:

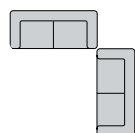

The wooden and wooden/metal legs are available in a choice of different stain shades and varnish colours (see opening paragraph, page 7).

Castors for stools:

All stools can be fitted with castors in return for an extra charge. If castors are ordered, an „R“ is added to the item number (e. g. G 002R). Two of the castors are lockable. Please note that the castors are available in two different heights, whereby the height of the castors does not correspond to that of the legs (F 6R and F 7R = ca. 12,5 cm). In the case of castors, the required height is then achieved by custom manufacture.

DIE BESONDERHEITEN

Corner sofa with fold-out footstool

The corner sofa FG 06/07 has a fold-out footstool equipped with notch function as standard.

Flexible headrest

The headrest U 92 with joint can individually be plugged in between the back body and the back cushions. Except individual armchair ME.

Stool with storage space

The footstool GK 004 has a fold-out function with integrated storage room. Functional footstools do not have a spring core at the seat.

Armchair

High-level lounging – the armchair (shown here: ME) are part of the »lazy« model range. The frame structure of the individual armchair ME is different to the other elements of the range (see order information).

It has another appearance and seating quality. The armchair M has the same frame structure like the model range.

ORDER CHECKLIST

Thought of everything?

- ☒ Structure and cover
- ☒ Leg design
- ☒ Leg height
- ☒ Colour with wooden and wooden/metal legs
- ☒ Castors for footstools (extra charge)
- ☒ Contrasting thread
- ☒ Headrest
- ☒ Cushion
- ☒ Panel for footstools (see order information)
- ☒ Positioning diagram

Order information

Back sides of sofas:

All pieces are genuinely upholstered at the back.

Corner sofas with fold-out footstool:

In the case of the fold-out footstool with notch function (corner sofas FG 06/07), a maximum weight-bearing capacity of up to 25 kg is guaranteed. It is not to be used for sitting on.

Positioning diagram:

Please send us a positioning diagram, because of the many different variations available. We have marked the connecting sides in red for one arm chaises, corner sofas and intermediate tables.

Individual armchair ME:

Frame – beech wood construction
Seat suspension – permanently elastic wave springs
Back suspension – elastic webbing
Seat upholstery structure – polyurethane foam with incorporated spring core and diolen cover
Back upholstery structure – polyurethane foam with diolen cover

End parts:

For an extra charge, the side parts can be supplied in the original cover instead of stretch fabric. See opening paragraph, page 6 for prices.

Seam appearance:

Decorative, felled or double seams may appear differing in fabric or leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

Contrasting thread:

In some leather colours, this model can be supplied with contrasting-colour thread, at no extra charge. Available colours can be found on the leather wall in the studio. Please always specify the contrasting thread number or tonal colours will be supplied.

Recommendation:

We recommend the tables from the model range 10012. As storage place onto the footstools we recommend the acrylic glass cover L 011 or a roll mat from model range 10006.

All of the dimensions given are approximate dimensions in cm. We reserve the right to make changes. Dimensions are given as follows: width/depth/height/seat height and refer to a leg height of ca. 13 cm.

Seat depth: ca. 51 cm

Seat depth K 06/07: ca. 114 cm

Seat depth K 067/079: ca. 138 cm

Height of the footstool at FG 06/07, if folded up: ca. 69 cm

Model-specific qualities:

The upholstery of this model has intentionally been made loosely to create a certain visual effect. This is not a quality defect but a model-specific characteristic that guarantees optimum seat comfort.
