[aleXx]

Dream sofa for the individualist.

Be honest, given the choice we would all like to be sitting pretty! This model comes with different seat comforts and three leg/seat heights. You influence the appearance, because you can simply order your favourite armpart. The extensive type plan offers countless planning options partially due to the two different seat depths.

BOX Spring by W.SCHILLIG

Dive in. Relax. Feel comfortable.

Cover: Z73/99 black

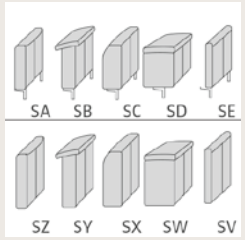
3 seating comforts/2 seat depths/2 back heights

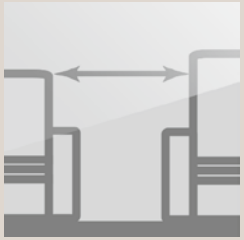
Basic, Memory (surcharge) or Boxspring (surcharge).
Two seat depths are available (extra deep **no** surcharge). Choose from two back heights. See element overview.

10 armparts - 2 flexible



The model is available with different armpart designs. See order information. SD and SW can be equipped with the armpart adjustment with notch function (item no. = SV).

Back heights - tall



The model is available with standard backs as well as tall backs (items with the appendix "H" and "C"). Both heights cannot be combined with each other.

Flexible plug-in headrests

The headrests with joint can be inserted into the opening between the back body and the back cushions individually.

Contrasting thread

In some leather colours this model can be supplied with a contrasting-coloured thread, at no surcharge.

Order information

Armpart designs:
The armchairs are available with armpart SA only.

Flexible armparts:
A maximum load-bearing capacity up to 25 kg is guaranteed for the functional armrests. They are not made for sitting on. The SD and SW armparts are available with armpart adjustment (SV) for surcharge. Please indicate when ordering – N 70 + SD + SV for example. There is adjustable every armpart or none at one sofa.

Upholstery structure:
The model is available in three different seating comfort implementations - Basic, Memory (item no. MC..., for surcharge) and Boxspring (item no. BX..., for surcharge). Basic is for comfortable and firm seating, Memory is characterised by the padding of a highly elastic foam or first-class point-elasticity and stands for the support of a healthy spinal column position when sitting. Boxspring offers more comfort by two independend spring cores in the seat. The comfort variants cannot be combined in seat and backrest.
Please indicate the desired comfort with your order: Basic - Memory - Boxspring!

Free-standing elements:
Please note that the orientation "left/right" is the position of the armpart at the element.

Standard and extra tall elements:
Elements with standard back height are shown light grey coloured, extra tall elements dark grey coloured. Standard tall elements and extra tall elements cannot be combined with each other.

Two back heights:
Both of the back heights cannot be comined with each other.

Back sides of sofas:
All pieces are genuinely upholstered at the back.

Positioning diagram:
Please send us a positioning diagram, depending on the many different variations available. We have marked the connecting sides in red for some elements in the type guide.

Connecting sides:
For a surcharge, the connecting sides can be supplied in the original cover instead of stretch fabric.

Seam appearance:
Decorative, felled or double seams may appear different in fabric and leather versions. For manufacturing reasons, seams may be left out of the fabric version or replaced with simple seams.

Contrasting thread:
In some leather colours, this model can be supplied with a contrasting coloured thread, at no surcharge. The colours as given can be found on the main sheet of each leather quality in the fabric/leather wagon. Please always specify the contrasting thread number or tonal colours will be supplied.

All of the dimensions given are approximate dimensions in cm. We reserve the right to make changes. Dimensions are given as follows: width/depth/height/seat height and refer to the leg height of 13 cm as well as armpart SA (width 16 cm). Elements with ottoman have a total depth of ca. 97 cm depending on the ottoman at the end's depth.

Seat depth: ca. **56 cm**

Extra deep seat depth: ca. **59 cm**

Armpart designs:
off-the-floor, with leg
SA - cubic, straight, width approx. **16 cm**
SB - narrow, with pillow, width approx. **18 cm** - overmeasure + approx. **2 cm**, surcharge
SC - cubic, angled inside, width approx. **26 cm** - overmeasure + approx. **10 cm**
SD - wide, with pillow, width approx. **38 cm** - overmeasure + approx. **22 cm**, surcharge, also available with armpart adjustment
SE - very narrow, rounded on top, widht approx. **5 cm** - **deviation - approx. ca. 11 cm**
on-the-floor, with plastic glider
SZ - cubic, straight, width approx. **16 cm**
SY - narrow, with pillow, width approx. **18 cm** - overmeasure + approx. **2 cm**, surcharge
SX - cubic, angled insice, width approx. **26 cm** - overmeasure + ca. **10 cm**
SW - wide, with pillow, width approx. **38** cm - overmeasure + approx. **2 cm**, surcharge
SZ - very narrow, rounded on top, widht approx. **5 cm** - **deviation - approx. ca. 11 cm**
Please note that the armparts SE and SV are smaller than the base armparts SA and SZ. Thus a deviation of approx. 11 cm is given. When ordering one arm chaises in conjunction with the narrow armparts SE and SV, the ottoman at the front of the one arm chaise is not upholstered wide.

Seat height: ca. **43/45 cm**

Recommendation:
We recommend the tables from the model range 40024 as an accessory.

Crease formation:
Fabric and leather stretch to a lesser or larger extent under the influence of body weight, which can lead to the formation of creases in the cover. This visual change does not affect use, function and life span and it is not a defect.

Information on the upholstery structure:
Chamber cushions filled with a high-quality mix of polyester fibres and foam rods have been used in the back of this model. This can lead to depression of the individual chambers, which is a typical product characteristic.

Base leg Z:
If elements and sofas with or without an armpart are to be attached directly to elements or sofas with or without an armpart, a base leg Z is required. The base leg must be ordered separately. See price list.

Order checklist

- Structure and cover
- Seating comfort Basic, Memory (surcharge) or Boxspring (surcharge)
- Armpart design
- Flexible armparts (surcharge)
- Seat height 43 cm/45 cm, 47 cm (not available with every leg)
- Extra deep seat (no surcharge)
- Leg design/-height
- Metal colour for legs
- Leg colour with wood/metal legs
- Castors for ottomen (surcharge)
- Positioning diagram
- Ottomen
- Contrasting thread
- Flexible plug-in headrest
- Pillows
- base leg Z

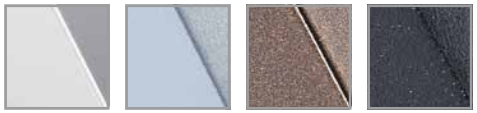
Available metal colours



high-gloss chr. **M20** | silver **M21** | bronze **M56** | black **M99**

Leg and seat heights:
Due to different leg heights, the model is available in different seat and total heights. The leg design has to be indicated. With on-the-floor armparts the seat height is reached by an downwards enlarged armpart. Please indicate the preferred seat height when ordering.

Please note! The legs F 7P/F7Q/FV1, F70/F6P/F7L and FS1/FV8/F4G are wider than the narrow armparts and extend to the frame.
The castors for ottomen are available in two heights only, for technical reasons.

Leg colours:
The legs including wood are available in a choice of different stain shades. We are happy to advise you.

Chromatic aberrations:
The wooden structure is different from ordering to ordering. Deliveries after colour samples are basically excluded from complaints and exchange. We take care of the best correspondence possible.

Castors for ottomen:
Every ottoman (except connected ottomen) can be equipped with castors for surcharge. The item no. is "RO". Two of the castors can be fixed. Please note, the castors are available in two different heights.

Runners:
We assemble visibly matching legs instead of the runner under the corner elements. At the W-elements optically matching legs are mounted generally instead of the runner.

Plastic gliders:
The plastic gliders are available for on-the-floor armpart designs, only.

Metal colours:
Some of the metal legs are available in different metal colours. Please indicate the colour when ordering.

Powder-coated:
The colours M21 silver, M56 bronze and M99 black are powder-coated.

Legs and floor protection:
In the case of very slender furniture legs in deliberately filigree shapes and with small surfaces it comes to a raised pressure on the floor. We recommend felt pads or another suitable mat as protection for scratches and pressure points in connection with sensitive and/or soft floors. Even if you hardly slip the furniture it can be helpful have a carpeted floor.
